

2025 Advanced Coach at Training Course – Female Team Coaches Course Details and Application Process

Course Structure & Delivery

The 2025 AFL Advanced Coach at Training Course is part of the newly designed Level 3 Coach Accreditation Courses. This course provides coaches with advanced knowledge in designing and delivering training sessions. This offering targets coaches coaching female youth (U14-U18) and female senior teams at both SANFL and community level.

The course will be a blended learning program delivered both face to face and virtually over the 2025 season. It involves 2 full day face to face workshops (including attending state U16 Girls training) in January 2025 and 1 face to face 3hour workshop in May 2025.

The course also involves being part of a sharing support group of peer coaches from the course. This group will support each other during the 2025 season, allowing coaches to reflect on and improve their coaching at training, and learn different activities and training approaches. This approach maximises coach development through an action learning approach, allowing coaches to continuously learn, practice, reflect and improve throughout 2025.

Course Qualifications

Once completing this course, coaches will gain

- 300 AFL Coach Development points
- “Advanced Coach at Training” Qualification Badge
