# PRESIDENT'S ANNUAL REPORT

It is pleasing to report continuing progress by our Football Club, both on and off the field, after season 2018. We saw further player and game development, started by Mark Mickan and continued in his own style by first-year Coach Gavin Colville. We improved to win 8 games and finished 7th on the ladder.

Those bare numbers only tell part of the story. Whether we were on the right track in Season 2019 was always going to be answered by attitude, by commitment, by style of play and by earning respect. It was only Round 2, but our performance at Prospect embarrassed us. We fell down in all the attributes just mentioned and we faced the trip to Elizabeth Oval the following week. This was the test for our players, coaches and the Club itself.

The players and coaches gave everything, we won the game and we left Elizabeth with a new-found belief. To me, after that the rest of the season was about improvement, learning and stability, as a big step towards becoming a force in seasons to come.

We saw a successful style of football being instilled into our players and an enthusiastic commitment by them to embrace and improve on that game plan. There is no doubt that the foundation is being laid for West Adelaide to return to the top and be a highly respected competitor in the SANFL.

We realised that the team also needed a talent boost if it was to fulfil the potential shown in 2018 and have paid particular attention to our recruiting processes. The result of that is that our major recruiting was completed by AFL draft time, allowing our coaches to plan for season 2019 early and with certainty. We also very much thank those supporters who are assisting us financially to achieve this.

Season 2018 saw the retirements of four favourite sons of our Club. Aaron Fielke, Shannon Green, Jason Porplyzia and Daniel Webb, all West Adelaide juniors, retired after careers to be proud of, including a premiership medal. More will be said of them in other reports, but they each epitomise what the West Adelaide Football Club is all about – family, mateship, skill and commitment. On behalf of the club, I thank them.

We're here for football and I am confident we are very much heading in the right direction on the field and I thank all those involved, from players and coaches, to medical staff and all the volunteers whose efforts make it possible for our teams to compete.

Our financial results, although again showing a healthy headline profit, continue to reflect the difficulties of running a venue in the current economic climate. Over the past two years, most of our revenues have continued to decrease and sponsorship income has declined. As a result, we have changed our bistro model and are continuing to examine all our commercial operations. We appreciate the assistance we receive through

the SANFL and this, along with the SANFL Land Divestment funds, has assisted us to reduce our debt significantly. None of this improvement would be possible without the wonderful support we receive from our major sponsors, Adelaide Galvanising and City Mazda, together with all our sponsors whose support is so much appreciated.

We have also established a West Adelaide Trust Fund, to 'future-proof' the Club against major expenditures or emergency funding, if ever required. These funds are set aside and cannot be used except under strict conditions. At October, 2018, the balance of these funds was approximately \$24,000. We are also now in a position to commence some improvements to give our bar and bistro area a fresh, new look and we hope to start work on that soon.

Every year is a challenging year at Board level for a SANFL club and I thank all Board members for their work over the last 12 months. Thank you also to our departing CEO, David Grenvold for his work over the past 2 years and I very much welcome Ben Hopkins to West Adelaide in his role as interim CEO. Our staff throughout the Club have performed wonderfully and their efforts are very much appreciated. Not everyone realises just how many extra hours our staff work for the love of the Club and they all deserve our utmost appreciation.

Our coterie groups continue to be an integral part of the Club. The Westonians have been a major contributor over so many years and I thank them for all they do for our Club. The Wolfpack have continued to support us financially and I look forward to a further developing role for them with West Adelaide.

We're totally committed to supporting women's football and there is huge enthusiasm amongst the team for the season ahead. We're also already seeing the benefits of widening the Club's appeal. Congratulations also to Hannah Martin on being drafted by the Adelaide Football Club and also winning the SANFL's highest honour in 2018. Congratulations also to Rachele Martin, winner of our Club Best & Fairest award.

Our Past Players continue to play an active role in the Club, with the highlight being the Annual Past Players' & Officials' Dinner, again a great success. Our 'Team of the Centuries' Dinner was a wonderful occasion and the 300 people attending were able to show their appreciation to so many of our greatest players on the night. Credit must go to all those involved, in particular our History Group, the selectors and our staff. Sadly, we also lost great past players and the recent loss of Jack Lynch was only tempered by the memory of Jack and his family being feted at that dinner and with Jack being recognised formally as one of our greats.

Our oval continues to be presented in perfect condition and my thanks to our retiring groundsman, Rod Harwood, for his work and care for our Club over many years. Again, we continue to receive great support from the City of West Torrens Council,

particularly through our always supportive Councillor George Demetriou, City Manager Terry Buss and retiring Mayor John Trainer. The assistance, friendship and love of the Club by John over so many years has been massive and all at West Adelaide thank him for his work, his wit and his loyalty.

We have installed 'behind the goals' vision in the off-season, to assist our Coaches further with game planning and analysis and have plans to further upgrade our oval to maintain and improve it over the coming years. The first part of our solar panel installation was also completed during the year.

Unfortunately, 2018 was not a good year for many of our members and families who lost loved ones. We struggled to come to terms with the loss of Mark Beswick at such a young age, of loyal statistician Wayne Coulls, of long-serving trainer Don Jamieson and so many others. I urge you to read the list of people we have lost this year elsewhere in this report and give thought and thanks for each person for all they have done for the Club in so many different ways.

I also thank members for agreeing to the significant changes to our Constitution and the members of the Nominations Committee for the work they are doing to ensure the Club has a Board with the best possible range of skills.

As a Club, we need to extend our reach and our recognition within our community. To this end, we will soon host the Inaugural Harmony Cup, a celebration of football and the good it can do in the life of our multi-cultural community at a grassroots level. West Adelaide is fast becoming a leader in this field and we will be looking to further involving our residential and business community.

Congratulations to all those who won our awards for senior, junior and women's football. They all knew they were there because of their team-mates, as part of a greater good, the team. We should all understand that living our football values strengthens us as a Club and do our part for our team, the West Adelaide Football Club, without hesitation.

We have work to do on so many fronts: our Game Day experience, upgrading our precinct, involving our metropolitan and country clubs, improving our venue, widening our junior participation and becoming a greater part of the life of our community.

Finally, after many years of financial hardship, I was pleased to read a comment from our auditors to the Club. "West Adelaide Footballers Club and West Adelaide Football Club have made significant improvements in the results of their operations for the period ended 31st October, 2018." We have further to go, but we haven't deviated from the path we set and we'll look forward with confidence to the future.

**LEE HARRADINE**  
**PRESIDENT**

Whilst I've only been with the club for a short time, it's clear that 2018 was an important year for Westies. We saw clear improvements on the field during the first year under Gavin's leadership, recording more wins than the previous two seasons combined. Perhaps most positive is the foundation that this provides for further improvement in 2019 on the back of a strong and successful recruiting period. The SANFLW team returning five wins to finish middle of the pack was also a big step forward from the previous season and with added experience this sets the group well for 2019. Off the field, we made significant steps in returning control of the kitchen back to the club which gives us the opportunity to drive business for greater returns to the football club. We face ongoing challenges to build a strong and sustainable business model, but we now have more control over the revenue stream than we've had for some time.

December 2018 also saw some significant changes to our club Constitution which will have effect on the Board structure and composition moving forward. Among other things; leadership, an eye for innovation and strong governance principles will be critical at Board level for the Club to continue to improve its operations and performance on and off the field. It must be noted that the changes implemented could not have occurred without the unanimous support of the current Board. Lead by President Lee Harradine, the Board has been bold and selfless in their pursuit of what is best for the West Adelaide Football Club. Individually, they have each dedicated many, many hours to improving the Club and as a collective they deserve recognition for the work undertaken and the progress made.

## FOOTBALL

Season 2018 produced eight wins and a 7th place finish as Gavin and his assistant coaches developed the group throughout the year. In Tom Keough's first year as Captain of the football club, the group showed resolve to respond to challenges both on and off the field. The win at Elizabeth in Round 3 and a close victory in Round 4 over eventual finalist South Adelaide was an indication of the group's ability to bounce back from adversity. Outstanding performances on the field lead to Kaine Stevens picking up his second Neil Kerley Medal in 2018, edging one vote clear of Josh Schiller with Captain Tom Keough finishing third. We hope that each of these players can build on their 2018 performances as we pursue further success in 2019. Season 2018 also saw the emergence of Izak Rankine as future star of the game. Selected in the Under 18 All Australian team from performance in the National Under 18 Championship, Izak played ten games for West Adelaide during the year. He was eventually selected with Pick 3 in the national draft and moves to the Gold Coast Suns to begin his career at AFL level. Izak leaves with the best wishes and support of the West Adelaide Football Club.

The AFL system has also offered an opportunity to Chris Burgess, selected by the Gold Coast Suns as part of their special conditions provided by the AFL Commission. Chris has a fantastic

opportunity to make an impact at the elite level and we wish him all the best in his footy future. We have also had some players call time on their career including Premiership players Jason Porplyzia, Aaron Fielke, Daniel Webb and Shannon Green. Jason hangs up his boots after a 127 game career for West Adelaide and a recent inclusion in the WAFC Team of The Centuries. Aaron finishes his Westies career with 275 games, including 166 league games across his 14 years at the club. Daniel has been a loyal servant to the club over 12 years after debuting in 2008 and Shannon called time on a career spanning 10 seasons and 146 games. Oliver Johnson and Jake Wilson also decided to move on from West Adelaide post the 2018 season. All six leave the playing group but remain a part of the West Adelaide family with our best wishes for their future endeavours.

Lead by Coaches Andrew Marks and Shane Moon, the West Adelaide Women's team took strong steps forward in 2018 recording five wins across the ten game season. This included wins over both teams who eventually reached the Grand Final proving the squad has what it takes and will now focus on consistently producing their best football in the pursuit of further success. The 2018 SANFLW Team of the Year included four West Adelaide players; Hannah and Rachelle Martin, Chelsea Biddle and Ali Evans who was also named as Captain. This is a fantastic honour for these players to be recognized and we congratulate them on their selection.

Hannah Martin added to her list of accolades winning the SANFLW Best & Fairest award. The equivalent to the Magarey Medal for the women's league, this is an outstanding achievement considering Hannah only took up the game in recent years. Hannah topped off the year being selected by Adelaide at Pick 51 in the AFLW Draft. We wish Hannah all the best for her AFLW career.

## COMMERCIAL OPERATIONS

Club generated revenue remains a challenge for us as we seek to use the venue and all its assets to drive positive outcomes for the Club. Returning control of the kitchen to the club provides us with an opportunity to develop our bistro and functions offerings to suit our community which will be critical for our success in the future.

We simply could not continue to operate without the loyal support of our corporate partners. I wish to thank our major partners Adelaide Galvanising Industries and City Mazda for their ongoing support, without your contribution our task would be infinitely more difficult. For all sponsors and contributors to the club, your support is genuinely appreciated and we thank you for your assistance and look forward to collaborating with you further through 2019 and beyond.

We will continue to explore ways to maximize our connection to our local business and residential community to improve the

financial position of the club. On field success will assist, but a strong and sustainable business model will be integral for our Club to improve.

The ongoing contribution from the Westonians is also an important part of the football club's operation. The projects that Westonians have funded have provided significant benefit to the Club over many years and we thank them for their assistance. Through the assistance of SANFL Land Divestment funds, in 2018 West Adelaide Football Club became the majority unit holder of the Wolfpack. This is a significant step towards the club holding 100% ownership of the property, on track for 2020. The Wolfpack continued in their support of the Club through the solar panel investment in May 2018 and we look forward to working closely with them in the future for the benefit of the Club overall.

I wish to extend the sincere gratitude of the Club to our Members. Through thick and thin, the unwavering support of our membership cannot be understated in its importance. I thank the Members for supporting the changes proposed to the Constitution, I believe the Club is now well positioned to move forward in a positive direction both on and off the field. To President Lee Harradine and all Directors, thank you for the time and energy you dedicate to the Club as without such input West Adelaide would have many more challenges than we face currently. I also wish to personally thank you for the opportunity to step in as the Interim CEO and the support you have provided during my time in the role.

Finally, I wish to extend my gratitude to the staff and volunteers who contribute so much to help the club operate. Our full-time and casual staff constantly aim to provide the best products and experience for members and patron's day in and day out often in challenging conditions. Their dedication to Westies is obvious and their efforts should not go unnoticed. Our vast network of volunteers provide more to the club than could ever be captured here. Not only the tasks they complete and the roles they fill, the volunteers contribute so much to the club atmosphere and community that makes Westies such a fantastic club to be a part of.

I look forward with anticipation to season 2019 and beyond and the opportunity to share it with the West Adelaide Football Club community.

## SENIOR FOOTBALL

Season 2018 represented a year of change with Gavin Colville entering his first season as Senior Coach. Gavin's work as Reserves Coach the previous two seasons gave all supporters a sense we were on the right track to sustained success moving forward under his watch. After finishing in 9th position for season 2017 we were all waiting in anticipation to see what season 2018 would bring for the West Adelaide Football Club.

Over the off-season the club recruited Lyndon Hupfeld from Norwood, Matt Eastman from East Coast Eagles, Kyle Kirk from Dalyston, and Andre Parrella from Sturt and were also very excited with the return of Jono Beech to the Bloods. With the retirement of Chris Schmidt at the end of season 2017 Thomas Keough was appointed as our new club captain, voted in by the playing group and endorsed by the coaching staff.

Our coaching staff also saw some significant changes with Brent Frewen, Ben Yeomans and Sam Schmidt coming on board as senior assistants for the first time. They all provided Gavin with great support for the season and dedicated many hours to helping improve our playing group.

The 2018 season began with a competitive hit-out against the Eagles in Round 1 but that was followed by a very dark day at Prospect Oval in Round 2. While that day was horrible it presented an opportunity to see how we would respond under adversity. The ability of Gavin to galvanise the playing group over the next week and for them to stay united was a testament to the character building within the football club. In many aspects it would prove to be the turning point for season 2018 and perhaps beyond. Our response against Central at Elizabeth the following week should not be underestimated as we turned our fortunes around and recorded our first win for the season.

The remainder of the season saw us play some quite brilliant attacking football capable of pushing the top sides of the competition. However, our inability to sustain this standard for four quarters consistently ultimately left us with a brand of being competitive without achieving winning results. At the season's close our League team would finish in 7th spot with an 8-10 win/loss record. We beat Adelaide, Central, Port Adelaide and South Adelaide twice. Our two South Adelaide

wins along with beating Central at Elizabeth were certainly our best wins for the season.

We had a number of debutants for the year including Lyndon Hupfeld, Josh Ryan, Isaac Johnson, Lachlan Evans, Keelan Laube, Elliott Dunkin, Gibson Turner, Lachie Ryan, Conor Noonan and Andre Parella. Whilst some of these players have been recruited in to the club, many started their careers as juniors at West Adelaide. In total 36 players represented the club at League level throughout the year, 23 of which are a product of our junior development pathway.

Our award winners for season 2018 are to be congratulated:

*Elliot Dunkin, Keith Reynolds Memorial Trophy;*  
*Mason Middleton, Roger Luders Leading Goal Kicker Award;*  
*Josh Schiller, Grantley Fielke Coaches' Trophy;*  
*Andre Parrella, Sam Suckling Shield Best First Year Player;*  
*Josh Ryan, Bill Downs Memorial Trophy Most Improved Player;*  
*Shannon Green, President's Award;*  
*Tom Keough, Neil Kerley Medal 3rd Place;*  
*Josh Schiller, Neil Kerley Medal 2nd Place;*  
*Kaine Stevens, Neil Kerley Medal 1st Place.*

The Reserves were coached by Damian Minervini, with assistant coaches Simon Howard, Oliver Oscar-Dearman and Harry Georgiou. This group of coaches oversaw six players promoted to senior football after Round 1 and did a fantastic job managing the difficulty of having an ever-changing team from week to week; 20 players played both League and Reserves football whilst another four were promoted at various stages from our Under 18 side.

Once again they made the finals highlighting the depth within the club, finishing in 5th place after losing to Central in the Elimination Final.

Congratulations go to:

*Kyle Kirk, Reserves Coaches' Trophy;*  
*Nigel Osborn, Bloods Footy Award;*  
*Lachlan Peter, 3rd Place in the Bob Lee Memorial Trophy;*  
*Elliot Dunkin, 2nd Place in the Bob Lee Memorial Trophy;*  
*Patrick Fairlie, winner of the Bob Lee Memorial Trophy.*

We enter season 2019 with a sense of optimism. We welcome our recruits Dallas Willsmore, Patrick Levicki, Tom Morrish, Jayden Klemke, Reed Stevens, Jade Cleeland and the return of Chris Schmidt and Will Snelling.

We farewell Shannon Green, Daniel Webb, Jason Porplyzia and Aaron Fielke and thank them so much for their on field efforts over a number of years.

Josh Ramsey will take on the position of reserves coach with Damian Minervini taking on a role as an assistant coach with the league team.

Naomi Maidment has moved onto an AFL position with Port Adelaide with their Next Generation Academy and Michael Wakim has taken over as the under 16 coach. A great thanks to all of our volunteers who have helped out during season 2018. Your help is invaluable.

We need to especially thank Graham 'Hydro' Russell who after a number of years, countless to remember has had to stop due to health issues as the Centre of Excellence property steward. "Hydro" is known by everyone in the SANFL and has been an amazing servant of this club. Words cannot describe the time effort and passion he has shown and he will be sorely missed.

## ANDREW MARKS FOOTBALL MANAGER

## JUNIOR FOOTBALL

Our Centre of Excellence U18's welcomed a new coach for season 2018, Paul Streatfield. Paul came to us after spending many years involved in Norwood's junior program including season 2017 as their U18 Head Coach. We were immediately impressed with Paul's professionalism, organisation and attention to detail. As the year continued it became apparent how well Paul is suited to this role, building a great rapport amongst the U18 playing group. Assisting him in the coaching department were again James Lyon and Andrew Forrest and new addition, Stuart Burns. Unfortunately on field results didn't reflect the hard work put in by both coaches and players with the side recording three wins for the year, however, many players were able to take their games to another level and progress to Reserves grade. In total 55 players represented the club for the season.

Our award winners for season 2018 are to be congratulated:

*Ethan Moore, Herde Family Award for Most Improved Player;*  
*Jacob Earl, U18 Coaches Trophy;*  
*Jacob Jolly, U18 Best Team Man;*  
*Saul Morelli, Knott/Mitchell Scholarship;*  
*Jason Westley, Corey Siemers Memorial Award;*  
*Cooper Anderson, Best U18 from the Mallee;*  
*Jack Dalglish, Best U18 from Roxby Downs;*  
*Beau Nunan, Jake Watson Memorial Medal 3rd Place*  
*Jason Westley, Jake Watson Memorial Medal 2nd Place*  
*Nathan Caruso, Jake Watson Memorial Medal 1st place*

At the conclusion of the season 12 players were invited to graduate to do a senior pre-season for 2019. A great result and we hope a number of these will progress to League football.

For the first time since 2011 the U16's had a positive win/loss ratio and made the finals. It was a terrific effort, made possible through the excellent coaching of Naomi Maidment and her assistants, Daniel Richardson, Michael Wakim and Sam Mitchell. The depth of talent in the group was noticeable as seven players were selected in the State U16 squad and 39 players represented West Adelaide for the year. Many of these players also went on to play U18 football and there is great promise in

this group for potential future league footballers.

The Elite Development Program again involved players from our senior playing group, a huge competitive advantage we believe our club has and one that separates us from rival SANFL clubs. Thomas Keough, Daniel Webb and myself managed the programs and we received great coaching assistance from the likes of Jack Agostino, Chris Burgess, Hugh Haysman and Tom Lynch. Our U15 Country side, despite not winning any games were very competitive in the Intrastate Championships. Whilst our U15 Metro side had a two win/one loss result and narrowly missed out on the final due to percentage. We were able to add to our programs with some additional games against Glenelg and along with our usual hit-outs against Woodville-West Torrens saw some promising signs in all grades under match conditions.

As we do every year we visited our country zone regions during our bye weeks for club promotion, running school coaching clinics, club training sessions and conducting our educational schools program "Building Better Bloods". Along with this our Riverland Academy training sessions and U16 & U18 Internal trials held during the pre-season are a great way for us to bridge the gap and take our football program to our country people and continue to build on our strong ties within their footballing communities.

## JASON PORPLYZIA TALENT MANAGER

## WOMEN'S FOOTBALL

Our 2018 SANFL Women's team had an exciting yet challenging season, finishing 4th on the ladder and were only 2% off making the Preliminary Final. The Second Season of SANFLW saw many new faces around the club, including players from SAWFL level, cross-code players and a number of junior players.

The football club appointed Andrew Marks as Head Coach with assistance from Shane Moon, Janet Bradley and Laura Heinrich. Andrew Marks did an excellent job in his new role, assisting in the development of players, in particular our cross-code players. We would particularly like to thank Shane Moon for stepping in as Head Coach for the first four rounds of the Season and leading the girls to four straight wins. As a result of Shane Moon's experience and dedication to the team, he has recently been appointed Head Coach for the 2019 Season.

It is a true credit to the players for their hard work throughout pre-season and their dedication during the season. The players started their pre-season training in October 2017, ending February 2018, and it was apparent during the matches that their fitness had improved immensely. The pre-season camp was another excellent opportunity for the players to bond together and establish a culture that would lead to great success. Although the team just missed out on making the finals, there were many positives to be taken away from the 2018 Season. Our best and fairest was awarded to an outstanding player, Rachele Martin, who continually put in the hard work

every week. Chelsea Biddell took out second place in the best and fairest and Abbie Ballard finished in 3rd place. Our strong midfielder, Hannah Martin was drafted to the Adelaide Crows for the AFLW 2019 Season. We wish Hannah the best of luck as she embarks on this exciting new journey.

The Junior Female Program has continued to grow over the past few years and once again the U15 and U17 program commenced in August. We had over 65 girls attend the trials during the July School Holidays, in the hope of gaining a position in either team. Our U15's side was coached by Jack Agostino, and the U17 side was coached by Shane Moon and assisted by Janet Bradley. The U15's team showed great potential and we look forward to having them participate again next year. The U17's team achieved great success by winning 3 out of the 4 games. Eight

of the U17 players will continue to train with our 2019 SANFLW team and could potentially be selected for a game at this elite level.

It is important to mention the hard work our volunteers put in throughout the season to ensure the girls are taken care of, as without them we would not have been able to accomplish what we had. A special mention should be made to Glenys Killian who did an outstanding job as Women's Football Coordinator. Unfortunately Glenys will not be continuing for season 2019 but we thank her for her many hours of hard work behind the scenes.

## PRESIDENT'S REPORT

2018 for the Westonian's was a season of change but not a dramatic shift in direction.

I was privileged to be elected as President by my peers from the Westonian committee for 2018. Taking over from Graeme Barton was never going to be an easy task after 10 years of great leadership but I was fortunate that he agreed not to step away from the Committee completely. His guidance and input this year has been invaluable.

Getting a committee organised is not always an easy thing to do but Kerry Carn as Secretary does a brilliant job. He is it was great to have Troy Abbott's enthusiasm back into the role of Treasurer for the Westonians

Fay Barton's input and management of the 100 club and major lottery plus willingness to help at all functions and all times is greatly appreciated. Richard Sellers input has been most noticeable this year with the introduction and management of the 50/50 split raffle that has helped us reach our budget. Emily Hector's experience and input was always welcome.

We welcomed 3 new members to the committee this year. Paul Evans' presence was greatly appreciated this year, always willing to help on match day and whenever required at events. Doug Allen's first year was very useful helping on a number of sub committees and whenever required. Gayle Dolphin was also conscripted to be part of the committee, her input to the quiz night and other events was most useful.

The Westonians have done well to increase our profit over last year to just over \$75,000. A tremendous achievement by the committee and all members of the Westonians.

This has meant as a group we have been able to contribute \$75,000 to the club. This has included over \$23,000 in cash donations. \$5,000 in capital donations.

We purchased caps for the players and officials throughout the club, so they could be protected throughout the warmer

months. As well as supporting the players food after games and Centre of Excellence meals on the country trip.

Unfortunately, our numbers again shrunk this year we had 34 less members which was most disappointing. On that note as current and hopefully returning members please encourage anyone of your friends that may have enjoyed the hospitality and friendship of the Westonians to become a member next year.

Whilst on the negatives a couple of our major fundraising activities also felt the pinch this year. Our Major lottery dropped away in income and in the coming year we will look at its format and prize. The race day also took a bit of a hit but continues to be a very enjoyable day for all and we may look at a time earlier in the year.

Enough negatives however. It was great to welcome a new event to the fold in the West Adelaide Trivia night. Thanks to Doug, Gail, Richard & Fay for helping it get organised. The money raised was great, but the fun & fellowship was even better. This was a great chance to introduce new people to the club that would not often come. I hope it becomes a new tradition and highlight on the calendar for everyone at the club.

That coupled with the introduction of the 50/50 split raffle meant we were able to peg some profit back. Richards' drive on getting this organised was brilliant. That coupled with great assistance he received from the Cheerleaders meant that we were able to bring cash into the club we had not seen before.

Together with a greater effort in our wine drives championed by Troy and greatly supported by Serafino wines has meant we have been able to post the profit we have.

I would heartily like to thank a number of people that donated toward the Westonians throughout the year. First Wayne Turnbull from Adelaide Image Printing's donation toward the running of our match day functions is greatly appreciated. It continues to mean that we can support the Cheerleaders to work behind the bar and Gordon to police the door.

Troy Abbott's generation donation through the Westonians means we can keep our profit ticking along.

Sponsorship directly from Adelaide Galvanising particularly helping with the Race day.

Rusden wines through Dennis & Christian Canute means our match day raffles continue to be popular.

Together with Richard Sellers organising meat trays and the popular addition of hampers donated by Tony & Marks. As well as donations from the Bartons, Gayle Dolphin and the Pirakis family all helping to keep the raffles tick along.

A massive thank you to the Cheerleaders for their support throughout the year. Kelly Memmler has been great to liaise

with throughout the year. The smiling faces of the girls behind the bar has made for a most enjoyable experience on match day.

I would also like to thank our club captain Tom Keough for interviewing a player each week after the game and bringing something special to our loyal supporters. It was a pleasure to recognize Josh Schiller for his 100th game and Jack Agostino for his 50th game for the club. We will continue to create strong bonds as a coterie group with the players partners and families as we see the Westonians as chance for them to get together socially on match days.

One of the greatest pleasures I will have this year will come at the AGM itself. Recognising the tremendous service of two of greatest servants of the Westonian Committee.

Firstly, Tony Davidson a long-time member of the Westonian Committee and President for 1 year and Vice President for a number. His work over a number of years has helped make the Westonians what it is today.

Current committee member and recent past president Graeme Barton has not only guided the ship brilliantly over the past 10 years in that role, he has made sure it has been fully powered and steaming along. Together with wife's Fay tireless work, they have made sure we are a successful and profitable arm of the West Adelaide Football Club. He has served over 12 years on the Westonian Committee but the amount of work he has done for the club in that time would fill most of our lifetimes.

I look forward to welcoming new members to the committee in the coming year with new ideas and enthusiasm. The Westonians will continue to support the West Adelaide Football Club to achieve success both on and off the field.

**CRAIG BENNETTS**

The 2018 season was another great year for the Past Players & Officials with large numbers attending our rooms on match days and many enjoying our hospitality and catching up with old mates.

The annual dinner this year was, once again, an absolute success. Our Guest Speaker for the night was former West Adelaide Player & Official, Hallett Shueard, who spoke of his life's journey with the Club and beyond. It was great to have the Senior Coach, Gavin Colville, join us to give us a rundown on season 2018 and what his expectations are for 2019. We have received positive feedback from many who attended on how great the night was.

We lost some great members of our Club throughout season 2018 who have represented and served our Club so well – they include Norman Hay, Wayne Coulls, Lee Ravlich, Robert Buss, Wendy Kruger, Ken Candy, Mark Beswick, Kevin Gasmier, John "Ali" Barber, Brian Childs, Reg Henderson and, at the time of writing this, we hear of the sad passing of the Club's first All Australian, the great Jack Lynch.

*Pictured:

To other members we have lost throughout the season, our thoughts are with their families. They will always be remembered as part of our great Club.

We would also like to thank the Management & Staff of the West Adelaide Football Club. In particular, Gail Memmler for her tireless work on match days, Peter Meuret from Underdale Cellars and The 2 Bro's from the WAFC kitchen. We would also like to thank all the volunteers who have assisted us throughout the year.

Good luck to Gavin Colville and the WAFC football players for season 2019 - we hope it's a successful year for the Club.

This year will be a challenging one for the Past Players & Officials as we head in a new direction. We hope that we can get many past members back to the Club. Keep an eye on the Club's web site for upcoming events for the Past Players & Officials.

To all involved with the West Adelaide Football Club, good luck in season 2019.

**BERNIE CONLEN**  
**ON BEHALF OF THE WEST ADELAIDE PAST PLAYERS & OFFICIALS COMMITTEE**

Once again, a big thank you to our President, Greg Summerton, for another outstanding performance as MC. Whilst mentioning Summo, Greg has decided to step down from our Committee to spend more time with his ever-growing family. We would like to acknowledge and thank Greg for his contribution to the Past Players & Officials over a great number of years. We wish him all the best for the future and no doubt we will still see him around the Club.

Our sponsorship of the West Adelaide Football Club continues with our under 18 Memorial Awards.

The Awards this year won by:

**Nathan Caruso "Jake Watson Memorial Medal"**  
**Saul Morelli "The Knott/Mitchell Award"**  
**Jason Westley "The Cory Siemers Award"**

Congratulations to the Awardees.

## PRESIDENTS REPORT

During the season we lost Mark Beswick who was the WAFC and SANFL Historian. Mark and Graeme Barton had the vision to preserve the memorabilia of the WAFC and formed the History Group several years ago. The WAFC Board provided a room for storage of memorabilia which had been in a number of areas throughout the club. Mark's contribution to the recording of the history of West Adelaide and SANFL football was outstanding. The WAFC has honoured Mark by naming the club history room as the "Mark Beswick History Room".

Mark and Graeme made a significant contribution to the Team of Century selection and function.

John Duggan has taken over the Club Historian Role and he acknowledges he has big shoes to fill.

The History Group has continued to catalogue the memorabilia of the West Adelaide Football Club. This is a very time-consuming process and most meetings have been spent examining old photographs and scanning onto computer discs.

All the club badges have been catalogued along with a great deal of other memorabilia. Well over one thousand items have now been catalogued.

*To learn more about the history of the West Adelaide Football club including premierships, Hall of Fame, medallists, records and AFL/ VFL drafted players head to the history section of our website - [www.westadelaidefc.com.au](http://www.westadelaidefc.com.au)*

Gerry McGinley from "At the toss of a coin" has provided great assistance in the valuation process, and although we are about 90 percent through, the current valuation is \$270,425. This has been added to the club assets register. We have also increased the insurance thanks to the valuation by Gerry. We expect the valuation to be in the area of \$350,000 when completed.

Chris Collins a new member of the committee has been and will continue to conduct interviews with WAFC club identities. We have interviewed Reg Henderson, Ron Benton, Peter Phipps and Brian Faehse and their stories have been recorded, transcribed and placed into the History Group files. It is intended that each month a profile will be placed onto the Club Web site. I would like to thank those members who have donated items to the History Group this year as it all helps to record our history. We are still seeking WAFC Annual Reports for 1922, 1923, 1926, 1931 and 1932 as we do not have a copy. Can you assist?

# FINANCE REPORT

It is again pleasing to present the financial statements for 2017/18 to our members. This is an opportunity for all members and stakeholders to examine the published, audited results for themselves.

Our statutory profit for the year was \$199,820.

This figure includes the following:

SANFL Land Divestment Funds	\$275,000
• SANFL Equalisation Grant -	\$100,000
• Depreciation	\$(192,664).

After taking these items into account our trading cash earnings were \$17,484.

## What does this mean?

- The Land Divestment Funds are the third instalment, totalling \$725,000 so far, of a total of \$2,000,000 to be eventually received. Again, this isn't a normal trading profit, but is applied to pay off our non-current debt to the Wolfpack. That debt, which started at \$2,000,000 three years ago, now stands at \$1,375,000, made up of \$375,000 to Wolfpack members and \$1,000,000 as a bank loan to the Wolfpack. In other words, the Club is now the major stakeholder in the Wolfpack.
- The effect of this reduction of debt is that our net costs decrease each year by approximately \$25,000, through increased Wolfpack dividends, which improves our trading model.
- Again, the SANFL Equalisation Grant, given to assist the WAFAC, but with conditions including a salary cap restriction, is not normal trading income. It does, however, further pay down debt and assists with our cash flow.
- Our memorabilia value has been brought to account for the first time, at the start of this financial year. It increases the asset value of our Balance Sheet by \$350,000. These items have been expertly valued.

## Cash Flow

Our ability to pay our bills depends almost entirely on our ability to produce a trading profit, along with prudent use of Equalisation Funds. As our debt reduces, however, our 3 year trading budget improves materially, as our net rent cost to the Wolfpack also reduces each year. Tight cash flow is a fact of life for many SANFL clubs and we are no different. However, it is manageable and we have also materially reduced our lease liabilities over the past 12 months.

## Frequently asked Questions:

### “Are we at risk financially?”

Quite the contrary. The value of our assets (at book value) exceeds our total liabilities by \$1,231,269.

### “Are we making enough money through our venue to cover our football costs and pay down debt?”

For several years, the answer to this was ‘No’ to both questions. For the last two years, after severe cost-cutting and other measures, we are moving closer to achieving this on a cash basis. The SANFL Land Divestment & Equalisation Funds totalling \$375,000 are being applied on top of that to reduce non-current debt and finance liabilities.

### “Where will we be in 4 or 5 years?”

This depends on our trading profitability. Although we have improved from heavy losses to a roughly breakeven trading situation, our plan is now to move to the next stage, that of increased revenue across our operations. We will receive another \$1,250,000 in Land Divestment Funds over the next 4 years and that should mean our non-current debt will be almost paid out, leaving us with freehold title to our land and buildings. In addition, the payout of that debt will reduce our ‘rent’ costs by a further \$100,000 to \$125,000 per annum.

### “Have our revenues increased?”

No. In 2017/18, our bar revenue was down substantially and gaming was static after a 10% fall the previous year. Sponsorship decreased and we start 2018/19 with a much reduced sponsorship portfolio and face challenges to restore it to previous levels. Our efforts now turn even more strongly to this area of our operations.

### “Who is our major debt owed to?”

Almost entirely to the Wolfpack, our group of supporters who have assisted the Club over the past 3 years, by investing in our future. Apart from that, our debts are normal finance leases and trade creditors. The age of our outstanding trade creditors has reduced dramatically over the past three years.

### “What is the effect of depreciation on our results?”

Our results are calculated after writing off \$192,000 in depreciation of our assets in 2017/18. This is a non-cash charge, but properly reflects the diminution in value of our non-current assets, such as equipment, gaming machines and buildings. The depreciation charge on our buildings, required by Accounting Standards, is over \$50,000, a charge clubs who do not own their own buildings do not have.

In summary, despite the priority for our trading operations to improve further to help our cash flow, prudent financial management has taken us from an insolvent position three years ago to a continually improving situation now. I would very much like to thank the SANFL for their valued assistance throughout the year, Heath Pocock from the SANFL for his work on our monthly results and budgets and Gayle Dolphin for her expertise and knowledge of our financial affairs. Our budget for 2018/19 shows a further improvement and our task is now to continue to turn that into a reality.

Cash flows are presented in the cash flow statement on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

**(d) Property, Plant & Equipment**  
Each class of property, plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation and impairment losses.

Plant and equipment are measured on the cost basis.

The carrying amount of plant and equipment is reviewed annually by the Board to ensure it is not in excess of the recoverable amount from those assets. The recoverable amount is assessed on the basis of the expected net cash flows which will be received from the assets' employment and subsequent disposal. The expected net cash flows have not been discounted to present values in determining recoverable amounts.

WEST ADELAIDE FOOTBALL CLUB INC.  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 OCTOBER 2018

**(e) Depreciation of property, plant and equipment**

The depreciable amount of all fixed assets are depreciated on either a straight line or diminishing value basis over the useful lives of the assets to the Club commencing from the time the asset is held ready for use.

Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation rates used for each class of depreciable asset are:

Class of Fixed Asset	Depreciation Rate
Buildings	2.50%
Plant & Equipment	5% - 33.3%

**(f) Impairment of Assets**

At each reporting date, the association reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the income statement or applicable Reserve.

**(g) Employee Entitlements**

Provision is made for the Club's liability for annual and long service leave arising from services rendered by employees to balance date.

Contributions are made by the Club to an employee superannuation fund and are charged as expenses when incurred.

**(h) Cash and Cash Equivalents**

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts.

**(i) Interest-bearing loans and borrowings**

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method. Borrowings are classified as current liabilities unless the Club has an unconditional right to defer settlement of the liability for a least 12 months after the balance sheet date.

**(j) Borrowing Costs**

Borrowing costs are recognised as an expense when incurred.

**(k) Comparatives**

Comparative information has been reclassified to be consistent with the current year disclosure of equivalent information.

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 OCTOBER 2018

10 GOING CONCERN

West Adelaide Football Club Inc has a net current asset surplus at 31 October 2018 of \$251,540 (2017: \$42,575). The Club recorded a profit for the year ended 31 October 2018 of \$120,977 (2017: loss of \$273)

The ability of the Club to continue as a going concern including the ability to pay its debts as when they fall due is dependent upon the continued support of its financiers, gate receipts, and other sources including the South Australian National Football League distributions and reducing operating costs.

The accounts have been prepared on the basis that the West Adelaide Football Club is a going concern as:

\* Cash surpluses have been budgeted for the 2019 financial years for the combined West Adelaide Football and Footballers Clubs, including the impact of reductions in expenditures and changes to some operations. It is noted a number of these strategies have already been implemented.

\*\* The Board of the West Adelaide Footballers Club Inc. has agreed to continue to support the Football Club as required.

11 WEST ADELAIDE TRUST

During the year, the Club registered an entity, 'The West Adelaide Trust', with a charter to collect and accumulate funds to 'future-proof' the Club in the event of unforeseen future funding requirements.

The balance of funds held at 31st October, 2018 is \$24,240.

**INDEPENDENT AUDITOR'S REPORT  
TO THE MEMBERS OF WEST ADELAIDE FOOTBALL CLUB INC.**

**Report on the Audit of the Financial Report**

**Opinion**

We have audited the financial report of the West Adelaide Football Club Inc. (the Entity) which comprises the balance sheet as at 31 October 2018, the income statement, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the statement by members of the board.

In our opinion the accompanying financial report presents fairly, in all material respects, the financial position of the Entity as at 31 October 2018 and of its financial performance and cash flows for the year then ended in accordance with the *Associations Incorporation Act 1985 (SA)*.

**Basis for Opinion**  
We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the entity in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Emphasis of Matter**

We draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared for the purpose of fulfilling the entity's financial reporting responsibilities under the *Associations Incorporation Act 1985 (SA)*. As a result, the financial report may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

**Board's Responsibility for the Financial Report**

The board is responsible for the preparation of the financial report that gives a true and fair view, have determined that the basis of preparation described in Note 1 to the financial report is appropriate to meet the requirements of the *Associations Incorporation Act 1985 (SA)*, and is appropriate to meet the needs of members. The board's responsibility also includes such internal control as the board determines is necessary to enable the preparation of a financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless directors either intend to liquidate the entity or to cease operations, or have no realistic alternative but to do so. The board is responsible for overseeing the Entity's financial reporting process.

**Auditor's Responsibilities for the Audit of the Financial Report**

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

**INDEPENDENT AUDITOR'S REPORT  
TO THE MEMBERS OF WEST ADELAIDE FOOTBALL CLUB INC. (CONTINUED)**

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: [http://www.auasb.gov.au/auditors\\_responsibilities/ar4.pdf](http://www.auasb.gov.au/auditors_responsibilities/ar4.pdf). WEST ADELAIDE FOOTBALLERS CLUB INC.  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 OCTOBER 2018

**1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES**

This financial report is a special purpose financial report prepared in order to satisfy the financial reporting requirements of the Associations Incorporation Act (SA) 1985. The board has determined that the Club is not a reporting entity.

The financial report has been prepared in accordance with the requirements of the Associations Incorporation Act (SA) 1985 and the following Australian Accounting Standards:

AAAS 1031 Materiality  
AAAS 110 Events after the Balance Sheet Date

No other applicable Accounting Standards, Australian Accounting Interpretations or other authoritative pronouncements of the Australian Accounting Standards Board have been applied.

The financial report has been prepared on an accruals basis and is based on historic costs and does not take into account changing money values or, except where specifically stated, current valuations of non-current assets.

The following material accounting policies, which are consistent with the previous period unless otherwise stated, have been adopted in the preparation of this financial report.

**(a) Income Tax**  
No income tax is payable as the Club is exempt from income tax by virtue of section 50 - 45 of the Income Tax Assessment Act 1997.

**(b) Inventories**  
Inventories are valued at the lower of cost or net realisable value.

**(c) Goods and Services Tax (GST)**  
Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Tax Office. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the balance sheet are shown inclusive of GST.

Cash flows are presented in the cash flow statement on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

**(d) Intangible assets**  
Intangible assets represent gaming machine entitlements. These are reviewed for impairment annually and when gaming machine licences are sold the full value of the proceeds are reflected in income and the asset revaluation reserve is reduced to reflect the portion of the revaluation reserve applicable to the gaming machine licences sold.

**(e) Property, Plant & Equipment**  
Each class of property, plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation and impairment losses.

Plant and equipment are measured at cost.

The carrying amount of plant and equipment is reviewed annually by the Club to ensure it is not in excess of the recoverable amount from those assets. The recoverable amount is assessed on the basis of the expected net cash flows which will be received from the asset's employment and subsequent disposal. The expected net cash flows have not been discounted to present values in determining recoverable amounts.

WEST ADELAIDE FOOTBALLERS CLUB INC.  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 OCTOBER 2018

**(f) Depreciation of property, plant and equipment**

The depreciable amount of all fixed assets are depreciated on either a straight line or diminishing value basis over the useful lives of the assets to the association commencing from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation rates used for each class of depreciable asset are:

Class of Fixed Asset	Depreciation Rate
Buildings	2.50%
Plant & Equipment	5% - 33.3%

**(g) Impairment of Assets**  
At each reporting date, the Club reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the income statement.

**(h) Employee Entitlements**  
Provision is made for the Club's liability for annual and long service leave arising from services rendered by employees to balance date.

Contributions are made by the Club to an employee superannuation fund and are charged as expenses when incurred.

**(i) Cash and Cash Equivalents**

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts.

**(j) Interest-bearing loans and borrowings**

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method. Borrowings are classified as current liabilities unless the Association has an unconditional right to defer settlement of the liability for a least 12 months after the balance sheet date.

**(k) Borrowing Costs**

Borrowing costs are recognised as an expense when incurred.

**(l) Comparatives**

Comparative information has been reclassified to be consistent with the current year disclosure of equivalent information.

The ability of the Club to continue as a going concern including the ability to pay its debts as when they fall due is dependent upon the continued support of its financiers, gate receipts and other sources including the South Australian National Football League distributions and reducing operating costs.

ADELAIDE, 30 January 2019

INDEPENDENT AUDITOR'S REPORT  
TO THE MEMBERS OF WEST ADELAIDE FOOTBALLERS CLUB INC.

Report on the Audit of the Financial Report

**Opinion**

We have audited the financial report of the West Adelaide Footballers Club Inc. (the Entity) which comprises the statement of financial position as at 31 October 2018, the statement of profit or loss, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the statement by members of the board.

In our opinion the accompanying financial report presents fairly, in all material respects, the financial position of the Entity as at 31 October 2018 and of its financial performance and cash flows for the year then ended in accordance with the *Associations Incorporation Act 1985 (SA)*.

**Basis for Opinion**

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the entity in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Emphasis of Matter**

We draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared for the purpose of fulfilling the entity's financial reporting responsibilities under the *Associations Incorporation Act 1985 (SA)*. As a result, the financial report may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

**Material Uncertainty Related to Going Concern**

We further draw attention to Note 8 in the financial report, which indicates that the Club's current liabilities exceeded its current assets by \$269,058. This condition, along with other matters as set forth in Note 8, indicate an existence of a material uncertainty that may cast significant doubt about the Club's ability to continue as a going concern and therefore, the Club may be unable to realise its assets and discharge its liabilities in the normal course of business. Our opinion is not modified in respect of this matter.

**Board's Responsibility for the Financial Report**

The board is responsible for the preparation of the financial report that gives a true and fair view, have determined that the basis of preparation described in Note 1 to the financial report is appropriate to meet the requirements of the *Associations Incorporation Act 1985 (SA)*, and is appropriate to meet the needs of members. The board's responsibility also includes such internal control as the board determines is necessary to enable the preparation of a financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless directors either intend to liquidate the entity or to cease operations, or have no realistic alternative but to do so. The board is responsible for overseeing the Entity's financial reporting process.

INDEPENDENT AUDITOR'S REPORT  
TO THE MEMBERS OF WEST ADELAIDE FOOTBALLERS CLUB INC. (CONTINUED)

**Auditor's Responsibilities for the Audit of the Financial Report**

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: [http://www.auasb.gov.au/auditors\\_responsibilities/ar4.pdf](http://www.auasb.gov.au/auditors_responsibilities/ar4.pdf). This description forms part of our auditor's report.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
