WEST ADELAIDE FOOTBALL INC. & WEST ADELAIDE FOOTBALLERS' CLUB INC.

A club with a colourful history, West Adelaide was formed in 1892. The club won two parklands premierships prior to 1897 and has since collected nine SANFL League premierships. Added to these highlights are two Champions of Australia titles against Essendon and Carlton, two SANFL Cup Premierships 1985 & 1987 and the first SANFL club to win the National Foxtel Cup premiership in 2013.

Boasting 14 Magarey Medal winners and 136 State Players, the Bloods also lay claim to some of the greatest names in SA Football history. Club legends like Dick Head, Bruce McGregor, Neil Kerley and Brian Faehse donned the Red and Black. We have a four time Ken Farmer Medallist in Adam Richardson and the club holds the honour of having the first Brownlow Medal winner from SA in Bernie Smith. This award has since been won by Westies Adam Cooney and of course Mark Ricciuto.

There have been colourful characters like Jack Broadstock and Doug Thomas, as well as greats like Fos Williams, Grant Fielke, Tony Modra, Mark Mickan and Shaun Rehn.

The Under 16's were able to complete the first two rounds of their season before the COVID-19 outbreak unfortunately meant the rest of the season was cancelled. There were some positive signs in the opening matches with a narrow loss to North Adelaide followed up by an 86 point win over Norwood at the Parade in round 2.

We were able to bring the group back after the COVID-19 shutdown for a trial match against Norwood which was a good way to see the group back together and assist with preparation for season 2021.

VALE DOUG THOMAS

In April 2020 Doug Thomas passed away peacefully after being cared for by long-time partner Raelene for a number of years.

Doug's impact on the West Adelaide Football Club cannot be overstated with his playing and management career spanning nearly 60 years.

A premiership player in 1961, Doug's career included 215 games before he moved into administration and management roles at WAFC. His career was recognised with Life Membership of WAFC and SANFL, as well as being inducted into the SANFL Hall of Fame in 2008.

Doug has left an incredible mark on the West Adelaide Football Club as both a player and administrator. His impact at the club

is felt to this day with many club contacts still fondly remembering their dealings with Doug. The club is no doubt in a much better place because of the contribution Doug made over many years.

Vale Douglas W Thomas

(13th September 1932 – 20th April 2020)

- SANFL Player Life Member 1966

Doug played 215 games and kicked 110 goals for West Adelaide between 1951 and 1957 and from 1961 to 1965, spending the interim time as captain-coach of Wimmera Football League side Dimboola, whom he steered to a rare premiership success in 1959. He made his name as a dour, close-checking full back, but later put some of the knowledge gained to paradoxically good use as a full forward.

PRESIDENT'S ANNUAL REPORT

As we prepared to kick off the 2020 season, none of us knew what challenges would lie ahead. By the time the pandemic had shut us down in late March, there were already some positive results starting to appear in what we were doing. But much of that had to be put on hold. We were forced to find ways to reconfigure the activities of the club.

I recall coming to the realisation that there may not have been a 2020 footy season at all, along with what that meant to us. With the venue unable to operate at all, it seemed that the club would be facing an insurmountable challenge. It was likely that no revenue would be available, so there was no alternative other than to cut costs dramatically. We had to act quickly, which meant calling on the understanding and assistance of staff, players, suppliers, sponsors, members and supporters. The Board, having adapted quickly to using online meeting platforms, was still able to convene and to work through the challenges of putting the club into a period of hibernation. It was ultimately very pleasing to be able to come through that time and to work closely as an effective Board.

It's important to recognise the hard work done by our CEO Ben Hopkins throughout that difficult period. Ben and his staff dedicated themselves to ensuring that the operations of the club remained viable, liaising with all interested parties to get the best results possible. As the club worked through the slow emergence out of hibernation and was able to field teams in a shortened season, all of Ben's efforts meant that we were placed in a position from which we could come back better and stronger than ever. We are now financially better placed than we have been for a while and can start to consider more investment in the club's future both on and off the field. I look forward to this translating into great on-field performance next season. I acknowledge the support given by everyone at SANFL throughout the year. CEO Jake Parkinson has been steadfast in his advice and assistance to the club and I wish him well now that he has moved on from SANFL. I'm looking forward to working with Jake's replacement, Darren Chandler in the future. I also thank Neal Matotek for his regular attendance at our Board meetings in his capacity as SANFL General Manager of Commercial Operations. His input has been invaluable. Member input is also critical to being able to create a strong club. I am so pleased that we were able to run another member forum in 2020 and that it was relatively well-attended. Thanks so much to those of you who were able to be there on the night. Your feedback and suggestions are always welcome.

At the Annual General Meeting in February 2021 we will recognise the efforts of three outgoing Directors. Nick Karasoulos, Jacqui Rose and Troy Abbott have contributed an enormous amount over the last couple of years and have been energetic and vibrant members of the Board. I wish to thank and acknowledge all your directors for the wonderful work they have done this year. It's been difficult and challenging, but they've continued setting a very high standard for all aspects of the club. In addition, thanks must go to those people who have lent their support to the Board through committee structures.

Our Honorary Solicitor John Levy headed up the governance committee, and the nominations committee was expertly managed by Adrian O'Dea and John Kantilaftas. The Patron of the club, Mayor Michael Coxon, has been a fantastic participant in the life of Westies and deserves our heartfelt thanks for his involvement. I also want to thank Vice President Mark Goddard for his guidance and support throughout this year.

Additionally, I want to thank our sponsors. In particular, Adelaide Galvanising Industries and Hisense have been wonderful supporters. A huge thanks to all businesses who have been behind us this year. I urge all members to make sure that club sponsors receive maximum value for their investment in the club by purchasing goods and services from them whenever possible. We don't know what 2021 holds for us. But there is a great feeling around the club. There's a sense of high expectation and real optimism. I'm sure that all the energy and dedication that has been invested into 2020 will yield dividends for the club. I look forward to catching up with you all in the months ahead.

CEO REPORT

We have much to be proud of in 2020, even though the year produced some incredible challenges.

No report written about this past year could be considered complete without referencing the pandemic that affected all areas of society. COVID-19 and the restrictions that came with it forced us all to find new ways of doing things, many of which had never been considered. In terms of both football and the licensed club, 'normal operations' quickly disappeared as we moved with every change in directions from the authorities to ensure we could continue to train, play or trade. As challenging and frustrating as it was at times, I believe it is important to be thankful that our players were actually able to play a season of football when in many other states this was not possible. For our Senior players, both men and women, to complete all the grueling work of the preseason without the pay-off of match play would have been devastating. As it turned out, the playing groups were told mid-March that the season would be delayed and to their credit, the response was as good as you could possibly hope for. Players adapted quickly to the uncertainty that they were now faced with and did whatever possible to stay fit and ready to go if the season was able to get underway. Our vast network of volunteers and support staff were also quick to adapt, and I wish to thank them again for their understanding throughout an incredibly difficult time. Their willingness to assist is always something that we're grateful for, but their contributions in challenging times was so very important to our Club and we simply could not have played football in 2020 if we didn't have the support of such willing volunteers. To all those who pull on a Westies polo or jacket to do their bit for the Club, I offer a sincere 'thank you'. We value you all.

I would also like to sincerely thank the entire staff group who were so understanding and patient throughout an incredibly challenging year. As a group and individually, all staff were faced with the very difficult realities of salary reductions and 'stand-downs'. Every single staff member was understanding of the situation and expressed their strong desire to stay working with the club, no matter what. Their attitude throughout the year was absolutely exemplary and it is something that I'm truly grateful for. The Club would have been in a much more difficult position if not for the ongoing dedication of the staff group.

Football

Season 2020 can be remembered as the first appearance of West Adelaide in the SANFLW Finals. Under the guidance of Mark Moody, our girls played some brilliant footy throughout the season. To produce a record breaking performance in a Semi-Final is something that the players and coaching staff should be very proud of. Unfortunately our season ended a week too early, falling to a strong South Adelaide in the Preliminary Final. However, there is much to look forward to, with young talent coming up the ranks to bolster the team, we look forward to bigger and better things in 2021.

We will move forward without some familiar faces, as Helen Maidment and Rachael Killian have decided to hang up the boots. Congratulations to both Helen and Rachael on their time at Westies and we wish them the best of luck for the future. In

another notable departure, Captain Lauren Gee (nee Rodato) also decided to make season 2020 her last. I've had the pleasure of watching Lauren play and lead her team mates with courage and determination and I've also been lucky enough to get to know Lauren off the field. In all aspects of her life she is a quality person and one who we will miss both on the field and off. Lauren, congratulations on all you've achieved and I wish you all the best with the next chapter.

We proudly added another medal winner to the Club's history in 2020, with Rachelle Martin taking home the SANFLW Best and Fairest Award. The medal is a fitting reward for effort, after Rachelle polled votes in seven out of her ten appearances in season 2020. In another acknowledgement of her talent, Rachelle was then selected by the Adelaide Football Club in the 2020 Draft and will join her sister Hannah, (also a previous SANFLW Medal winner) in the AFLW competition in 2021. Similar to season 2019, our SANFL Men's season was another one of missed opportunities. We again managed to get ourselves in winning positions a number of times throughout the year but our ability to 'get over the line' fell short. In fact we held a lead during the second half of seven of our matches throughout the year, so to only come away with two wins and a draw was a disappointing position to end the year. The highlight of the year no doubt was the resilience showed in the final round against Norwood where both League and Reserves dug in and despite challenging conditions held on for gutsy wins. The lack of success in wins and losses was in no way a reflection of the effort put in by the playing group. They worked so hard right from the first pre-season session, that to see only two wins in reward felt like something of an injustice. Despite the win/loss, I'm proud of our group, the way they conducted themselves throughout the year and their resilience.

At season's end we said farewell to League players; Jack Agostino, Will Mead, Andre Parrella, Gibson Turner and Dallas Willsmore who all moved on to the next phase of their footy journey. We wish them all the best and thank them for their contribution to West Adelaide. We also congratulate Westies product Riley Thilthorpe on his selection at pick number two in the National Draft. Riley richly deserves his chance at the next level up and we wish him all the best for a long and successful career.

We also said farewell to our Senior Coach of three seasons, Gavin Colville. Gav led the Club through some very difficult times with his strength of character and leadership an asset that ensured he was held in high regard by players and supporters alike. His dedication to the pursuit of success was absolutely unwavering, even in the toughest of times he worked tirelessly to develop the culture of the playing group. Gavin has left the Club in a better position than it was in when he arrived, for which we should be grateful. Thank you Gav for all you dedicated to Westies, and best of luck.

Commercial

We could not have survived a year as challenging as we experienced without the support of a brilliant group of sponsors. One of the last events we were able to hold before restrictions

were implemented was a Sponsors' Lunch at Serafino, where sixty of our partners came together to network and enjoy some of McLaren Vale's finest food and wine. It was a fantastic opportunity for supporters of the club to come together and create business opportunities for each other and a great chance for the Club to thank each and every one of our valued partners. Despite the uncertainty around the season start date or length, our partners maintained their commitment to Westies and continued to provide support throughout. For such loyalty in uncertain times I would like to thank each and every supporter of the club, small and large. We are very thankful for your commitment.

The ongoing support from major sponsor Adelaide Galvanising Industries and naming rights partner Hisense is extremely valuable to the club and we are proud to associate with such loyal businesses. We are also very grateful to have the support of the most active Coterie group across the league in the Westonians. Their contribution to the Club should not be underestimated and is truly an asset to Westies. To President Matthew Matschoss and his Committee, thank you again for all you do for the Club and I look forward to continuing to work with you through 2021 and beyond.

More broadly, it is pleasing to note that in the five months of the reporting period that were largely unaffected by the pandemic, we had started to see some strong results for the business overall. Structural changes and some other initiatives in the licensed club had begun to take effect and we were seeing the benefits to the bottom line. In the early part of the year, the staff worked tirelessly to deliver three major events in February and March with crowds of approximately 7,000 attending each of the first two AFLW matches before restrictions prevented spectator access to the third. It was fantastic to see crowds of 7,000 at Hisense Stadium and the events performed well commercially, laying the foundation (or so we thought!) for a strong year. Unfortunately, the pandemic forced us to close for an extended period and as such we needed to find new solutions.

The learnings of 2020 mean we now move forward with the business in a stronger and more stable position to be able to adapt quickly to the world around us. We finished the year well having returned to relatively normal levels of trade, albeit with some restrictions still in place. Our licensed club has strong leadership and operates in a manner that can adapt to the changing situations that we'll face going forward as the world finds a more normal operating rhythm.

I would like to thank all the staff who dedicate so much of their time and energy to the Club, we have a group of people who are more than willing to go above and beyond to help Westies move forward. A team as driven as the team at Westies would be an asset to any Club or business. Thank you for all that you do. Finally, I would like to thank Murray Forbes and the Directors of West Adelaide Football Club for their ongoing support of the Club and our staff. Their expertise has been critical in the past year and through Murray, the leadership that the Board has displayed has been invaluable.

Like many, I'm looking forward to the new challenges that come with a new year. Bring on season 2021!!

SENIOR FOOTBALL

Season 2020 was a year like nothing we have any seen before, the guys had 3 blocks of pre-season which was both physically and, more importantly, mentally challenging. As a group, the players and coaches did an amazing job to stay positive and keep the group moving forward. With COVID-19, the interruption in the pre-season and unknowns regarding a return to play the bonding and Team First approach for the guys to stay in shape and be ready for whatever was to come our way was a true sign of the commitment they had as a group in 2020.

The coaching group was led by Gavin Colville in his 3rd season as Senior Coach, and as the season commenced there was genuine excitement about where the group were at and how much they had improved through the pre-season. This excitement was validated by the performance at our first trial game against Norwood in March where both League and Reserves teams came away with a win and showed really good signs. This was to be the last time we saw the group together for 2 months due to COVID-19.

When the group returned in May, the challenges continued with significant safety measures put in place for a return to train and play. Players could only come back and train in groups of 10, with strict protocols around accessing the oval, no use of the change rooms, no strapping allowed to be done by trainers, no showers or ice baths and no use of the gym. All players were temperature checked to ensure they were feeling good to train and all staff and officials had to undertake training in COVID safe practices. Training continued like this for 4 weeks before we could finally all train as a group one week before the SANFL season was to start.

The season started and due to the year it was, we had the opportunity to play the first two rounds at the Adelaide Oval which was an amazing experience for a lot of players and the club. Our season started well, playing good quality football over the first four rounds, with some of the most exciting football all year in the first quarter against Centrals. Unfortunately we couldn't quite hang on in the end and had to settle with a draw. After a narrow loss to Sturt at Unley, we registered our first win of the season against reigning Premiers Glenelg in Round 4 at home. This was a great sign of the improvement the players had made and after four rounds we had 2 close losses, a draw and a win.

The middle part of the year saw the side have moments in games where we challenged the opposition, play some good football but too often we couldn't sustain it for four quarters

which allowed the opposition to gain the upper hand. We had some great opportunities to win some close games and take a few big scalps but all too often we couldn't get over the line. The losses were heart breaking for the players and coaching staff but as disappointed as they were, it meant they had to keep working harder and improving.

That improvement was on show as we headed into the last round of the year against Norwood at Norwood. It was a Friday night, the opening of the new facility at Norwood and with a few champions of their club retiring at the end of the game they were certainly keen to finish the season well. However on a cold and wet night, we stayed in touch with them all night and then late in the third quarter we narrowed the margin before taking the lead in the final quarter. We held on for our second win of the year to complete the season on a high. This was a great sign of the improvement the team had made and a fitting way to finish a year like no other.

The league side finished the season in 8th position with 2 wins, 1 draw and 11 losses.

We had a number of debutants for the year including Jordon Boyle, Josh Koster, Mitch Taylor, Mitch Duval, Edward Allan, Stuart Taverner, Hamish Ellem, William Mead, Thomas Morrish, Lachlan Squire, Reed Stevens, Bailey Chamberlain & Jye Sinderberry.

The Reserves were coached once again by Josh Ramsey and they started the season well with a win in Round 1 against North Adelaide. Similar to the League side, the reserves were inconsistent most weeks and would have patches of good football which were unfortunately then offset by opposition teams getting on top. The team had a good win against Glenelg late in the year before finishing the season off in style against Norwood with a quality hard fought win. The win in the final round ensured in West Adelaide finished 7th and Norwood finished 8th.

The Reserves side got the opportunity to blood quite a few under 18 players late in the season which was great to see the future of the club in action as they look to make the step to senior football in the years to come.

The Reserve side finished the season with 3 wins and 11 losses. Nathan Batley played his 100th SANFL League game and also his 50th West Adelaide League game in Round 1 v North Adelaide. Riley Thilthorpe was selected at pick 2 in the AFL National Draft by the Adelaide Crows

We farewell Dallas Willsmore, Jack Agostino, Andre Parrella, Brett Turner, William Mead and Gibson Turner and thank them so much for their efforts and contribution to the club both on and off the field over a number of years.

We would like to again thank all the coaches and volunteers that regularly assist the football club, week in and week out, without your contribution and assistance the club couldn't operate the way it does and the players would not be able to do the job they do without you.

A special mention to departing Senior Coach Gavin Colville who finished with the club at the season's end and we wish him and his family all the best in the future.

JUNIOR FOOTBALL

U18 Centre of Excellence

Our Under 18 group enjoyed a solid pre-season that saw the boys put through their paces and standards set and exceeded consistently. The group travelled to Lyrup in the Riverland for a 3-day camp on the eve of the season and it was clear they were a united group that were driven to be the best they could be. Harvey Bock was appointed captain with Ed Van den Berg his vice-captain. Hugo Kelly, Lachie De Cesare, Cooper Gilbert & Declan Henty-Smith were also elected to the leadership group. Strong trial form against North Adelaide and Norwood was positive before the season was postponed indefinitely due to COVID-19.

The group were excellent during the postponement and kept in touch regularly via zoom and other forms of communication. They worked hard and held each other accountable. When we eventually got the good news that the season would return our group were excited and raring to go. Training resumed in unusual circumstances. First it was groups of 10, then groups of 20, before finally returning in full-group format.

In what was a strange year to date, round 1 was no different and in some ways reflected our season. Patches of exciting football were interrupted with errors and fundamental mistakes that will be a big focus going in to season 2021. The win-loss for the season didn't look pretty and was disappointing for all, but I am proud of the way the group kept working and never gave up despite how tough things were.

10 players played reserves or league football and we congratulate Riley Thilthorpe on being drafted to Adelaide with pick #2.

A big thankyou to all of the support staff for their unwavering support of the club throughout this difficult year, as well as the players and their families as always.

U16 Centre of Excellence

The Under 16 group completed a solid pre-season that included an internal trial at Pinnaroo in the Mallee. Tyson Coe was a unanimous choice for captain and was supported by a leadership group including Kobe Ryan, Noah Hyde, Liam Bennetts and Adam Bunworth.

The Under 16's were able to complete the first two rounds of their season before the COVID outbreak unfortunately meant the rest of the season was cancelled. There were some positive signs in the opening matches with a narrow loss to North Adelaide followed up by an 86 point win over Norwood at the Parade in round 2.

We were able to bring the group back after the COVID shutdown for a trial match against Norwood which was a good way to see the group back together and assist with preparation for season 2021.

We look forward to a full season for this age group in 2021 and are pleased that Michael Wakim will continue in the role of head coach along with all of his existing support staff continuing with him.

Young Bloods Academy

2020 was an exciting year for our junior programs as we re-branded our U13-15 programs and expanded their reach throughout our community. Previously known as the Elite Development Program (EDP) and now known as the Young Bloods Academy (YBA), we saw more than 250 players (male and female) trial for our various squads and those successful complete ongoing training and development sessions as well as compete in matches.

Most noticeable is our increased focus on our country regions. We now have academies based in the Riverland which has proven to be more accessible for players from that region as well as the Mallee and Roxby Downs. More than 75 players from those regions completed monthly sessions at the Loxton North Football Club. We thank the players and parents for their involvement as well as the coaches who are all from the local clubs in those areas. Special mention to Tim Jackson who coordinated the logistics of this program in conjunction with Paul Streatfield.

In the under-15 age groups we again fielded teams in the SANFL intra-state championships, a three day event held in Adelaide in the October school holidays. Our city team proved to be quite strong and came away with wins on all 3 days. The country side battled hard for the first two days and were able to have a close win on day 3 against South Adelaide.

It was pleasing that despite an interrupted year due to COVID-19, the program was well received by all and we look forward to further expanding it in the future. We will aim to have some sessions in the Mallee as well as Roxby Downs in 2021 and are looking to commence a girls academy in the Riverland alongside the existing program.

While all female junior SANFL programs were cancelled in 2020 due to COVID, the club made every effort to ensure that our best up and coming girls got a taste of what it was like to be a West Adelaide player with the introduction of our Female Academy. 30 young girls between the ages of 13 and 18 were invited to be part of the program, with 6 being invited out to complete a preseason with the SANFLW team.

Zone Engagement

2020 was a difficult season for our local regions with COVID-19 resulting in some of the competitions not taking place. We look forward to the Mallee and Roxby Downs competitions getting going again in 2021 as well as the Riverland senior league. It was pleasing that the Riverland still managed to play some junior football including their under-18 competition, as well as Roxby Downs who got some junior games underway.

As a club we remain committed to assisting the development of our regions as much as we possibly can. We were able to donate the pennants and medals again for the winning teams as well as some individual awards. The above detailed Young Bloods Academy means we are now out in our country regions more than ever with people on the ground assisting with the development of football in those areas.

In 2021 we look forward to getting back to Roxby Downs to assist in that area and we will also be looking to provide some coach development opportunities for those in both our city and country zones.

Our Football Development Council (FDC) which provides the opportunity for collaboration and development between

our city zoned clubs will continue and expand in 2021 after a disrupted year this year.

WOMEN'S FOOTBALL

In what was proven to be a challenging year for all, our Women's Program made every attempt to make sure it was a successful one.

We welcomed new Senior Coach Mark Moody to the program, having experience coaching Division 1 SAWFL and being an Assistant Coach at the Crows AFLW program he proved to be a great asset to the program. We also welcomed two new assistant coaches in Trent Moody and Troy Wilkey, with experienced West Adelaide Premiers player Daniel Caire rounding out our assistant coaches for 2020. Bec Owen was named as Opposition Coach throughout the season to ensure she remained involved in the club while recovering from injury. The club was also proud to announce that Lauren Rodato had been named Captain again in 2020, with Abbie Ballard being named her Vice-Captain for the year.

The women started the season in fine form, winning the first 2 games of the season comfortably, before losing their first game against eventual premiers North Adelaide and finished with a draw against Norwood the following week before the season was then shut down due to COVID-19. The girls made sure to continue their form upon returning, winning 3 of the last 6 games and cementing their spot in the clubs first ever SANFLW finals series.

The girls faced off in our first ever Semi Final against Norwood and came out the gates firing, breaking multiple SANFLW finals records in a 43-point win over Norwood. Records broken included highest ever winning margin in a final (43), most goals kicked by a player in a finals game (Stevie-Lee Thompson, 3) and highest score kicked in a final (9.4). The girls were unable to back up their Semi Final form losing the Preliminary Final to South Adelaide and therefore ending our season.

Although disappointed that the season had finished, the girls were bolstered by the announcement that Mark Moody had signed on as head coach for season 2021, becoming the club's first SANFLW coach to have coached for more than 1 season. At the seasons end, courageous skipper Lauren Gee (nee Rodato) had also announced her retirement from SANFLW football along with other team favourites, Helen Maidment and Rachael Killian, we would like to take the opportunity to thank Lauren, Helen and Rachael for their commitment, leadership, and professionalism they showed in their time at the club and wish them all the success for the future.

I would also like to take an opportunity to thank our amazing staff that worked tirelessly to get the girls on the track and ready to play every weekend. We are incredibly grateful for your time and effort you put into making this program the success that it was, and we are looking forward to improving on that in 2021.

SANFLW BEST AND FAIREST

West Adelaide's Rachelle Martin took out the Statewide Super Women's League 2020 SANFLW Best and Fairest player along side Anne Hatchard.

Two years after being pipped for the prestigious award by older sister Hannah, Rachelle Martin was fittingly recognised as the competition's best with a haul of 15 votes.

Martin's consistency was illustrated in her polling votes in all but three of her 10 appearances, attracting best afield honours in Round 5 and Round 9.

Rachelle Martin and North Adelaide's Anne Hatchard have also shared the 2020 KIA Coaches Award for the SANFL Statewide Super Women's League, polling 48 votes each.

Congratulations to Rachelle - we wish her all the best after being drafted by the Adelaide Crows.

PRESIDENT'S REPORT

Everyone knows that 2020 was a year like none of us have experienced before. COVID-19 cast a heavy shadow over every aspect of all of our lives, SANFL football and in turn the Westonians.

Firstly, I would like to thank the SANFL, the SA Government and all involved for working so hard to make sure we could get a complete 2 rounds and as such have a meaningful season. From there a huge thanks to our coaching and playing staff working so hard to make sure that we had a team on the park to support every week.

I must congratulate the staff of the West Adelaide Football club in being so understanding and helpful throughout the entire process. We had a moving feast in as far as numbers and the ability to host functions throughout the year. In the end our match days were facilitated every week and we are able to use the Sturt Pea Room for our fellowship. This had many benefits throughout the year, but it was not quite like being in our area.

To Ben, Kayla and all the staff, thanks for everything that made it all possible.

Even though we were unable to run a number of our normal fundraisers the Westonians were still able to raise almost \$20,000 through the committee's hard work. Meaning that as a group we have been able to contribute \$43,348 to the WAFC bottom line.

Thanks to the Bartons for keeping the 100 Club up and running throughout the year. As always Graeme Barton's assistance as Vice President has been invaluable.

Our Secretary, Richard Sellers has remained on top of the moving feast that was 2020. Thank you for keeping everything in order.

Troy Abbott, our erstwhile Treasurer as always has been a great support. His enthusiasm for the wine run this year (when many people needed to restock) was great. It managed to raise \$5,500

through one run, great work.

To Richard Sykes, Doug Allen, David Price, Bernie Conlen, Kristen Demetriou, thank you all for your continued efforts to help make the Westonians an important part of West Adelaide Football Club.

I would like to thank Gayle Dolphin for her involvement on the committee over the past 3 years, which has now finished.

Finally, and unfortunately, we wish Paul Evans farewell from the committee. His commitment to the club over the past few years has been enormous and greatly appreciated.

Looking forward, and that is all we can really do after such a poor year, the Westonians committee are most excited in what is to come in 2021.

It is our 50th anniversary and we plan to celebrate in true Westonian style.

We have just released our special bottled wine and commemorative glasses so we can toast the 50th in class it deserves. There is a major function planned for the middle of next year. We will release a date as soon as possible.

The Westonians look forward to a great year in 2021 and would like to encourage everyone to sign up as a member.

TROY ABBOTT

The 2020 season for most supporters & the Past Players & Officials would be one to forget & we are certainly glad it's gone. Let's hope this pandemic is coming to an end.

The Past Players & Officials Group tried a different approach with our annual dinner this year, joining forces with the Westonians and History group to see what interest we may get. The restrictions in place due COVID-19 meant our numbers were not as strong as we would have hoped, but I felt it was a worthwhile experiment and we may visit the same format in 2021. Our Guest Speakers for the night was former West Adelaide Players Adam Hartlett & his little brother Hamish, who gave us all a great insight to both their football lives.

The Past Players & Officials Group would like to congratulate Rachelle Martin on winning the 2020 SANFLW Best & Fairest.

From our Treasurer, Mike Hamilton.

The Past Players and Officials aim is to foster camaraderie and support our members. We have a healthy financial position and it is important that we continue to aim to at least break even each year. We would have achieved this had we not provided an additional donation to WAFC. As a group we decided to provide this additional donation to the club whilst we were all dealing with the financial concerns caused by COVID.

We continued to provide funds for the following awards and congratulate the recipients.

Corey Siemers Award	Luke Young

Knott Mitchell Award	Dylan White

Jake Watson Award	Cade Kennedy

It is an honour and a privilege to be the Treasurer in 2020. It is a role my father Jack Hamilton held in the 1960's. I am looking forward to a return to some normality in 2021 post COVID.

Michael Hamilton

It is with great sadness this year that I had to inform you of the passing of a legend of the West Adelaide Football Club, Doug Thomas. I first met Doug in 1983 when he recruited me from Victoria. Like so many players recruited by Doug you were well cared for. He was the master of the quote, such as, "If I had to choose between the Russians or Port Adelaide. I'd take the Ruskies every time".

Doug dedicated most of his life to our club & football in this

state on & off the field.

His contribution to the West Adelaide Football club should never be forgotten.

We lost some other great people of our Club throughout season 2020, who have represented and served our Club so well – they include our long serving PP&O President 61 Premiership Player, club & PP&O life member club Jimmy Wright, Shane Tuck, Frank Leonard, & just recently Lyn Edward Humphrey (Joe). They will always be remembered as part of our great Club.

Once again, a big thank you to our Committee Mike Hamilton, Tony Davidson & Troy Abbott.

I would also like to thank Robert Day, although he stepped down from our committee in 2019, he continued to support & assist us throughout 2020.

It was sad to see Gavin Colville leave as senior coach. We hope he is not lost to the game as he has so much to offer. The Past Players and Officials pass on our wishes of good luck to Gav for his future endeavours.

Welcome to our new senior coach Brad Gotch. We wish you and your young men good luck for the upcoming season.

2021 will be a challenging one for the Past Players & Officials as we still battle a confusing time. We hope that we can get as many past members back to the Club as possible. If you would like to be added to PP&O mailing list please contact me at: bconlen@bigpond.com.au

To all Past Players & Officials and Bloods supporters, good luck for season 2021.

PRESIDENT'S REPORT

During a difficult COVID-19 affected year, the History Group has worked hard to complete one of our major tasks, namely the cataloguing and valuation of our club memorabilia. The task is almost complete with nearly 1500 items and a value now in excess of \$450,000. Most of that work took place while the Club was in Covid lockdown with extended preparatory work days on the part of Doug, Graeme, Kerry and Richard and then help valuing on Sundays from John, Geoff and Luke with the great assistance of Gerry McGinley from "At The Toss Of A Coin". Many of those items have now been organised and stored in the Mark Beswick History Room enabling us to find items more easily; thanks to Graeme for organising the purchase of a variety of plastic sleeves for photos and purpose built storage boxes. It has been a mammoth task but the benefits to the Club are obvious and it has given the History Group a sense of satisfaction and achievement with the job almost at completion.

In an effort to raise the profile of the History Group, Graeme, Richard and Kerry have been displaying some of our memorabilia on a Friday night at the Club. Mostly the items have been photographs which we feel will be of interest to supporters or where we have sought help in identifying people in the photograph. We have also posted more photographs on the West Adelaide Football Club Historians page on Facebook in an effort to attract a wider audience.

Late in the season, a cabinet in the Club near the gaming room was made available to us to display material. Guernseys worn by Hall of Famers Robert Day and Bob Loveday, a late 1940's original guernsey and a heritage replica guernsey formed our first display. The intention is to regularly rotate memorabilia through that display cabinet.

Long-time supporter and History Group member Chris Collins published his much awaited book "Devotion to Duty", dedicated to the World War One servicemen of West Adelaide. The book was launched on one of our Friday display nights with many of the History Group members in attendance and Chris saying a few words. The book is available at reception with proceeds generously donated by Chris toward the work of the History Group. Chris has also committed many hours to interviewing and recording conversations with members of the 200 game club and other past players of note. This task has been timely given the regrettable passing of a number of those players since the interviews and so we are very appreciative of his efforts.

We are thankful for the additional entry and computer work done by Bob Reidy and Richard Sellers with Kerry Carn and Graeme Barton making inroads with the scanning of our photograph collection. Some of the larger team photographs have been professionally scanned and digitally enhanced. We are grateful to our Historian John Duggan for his efforts in answering requests for information from both within and outside the Club. Thanks to all of the members of the History Group for a very productive year.

Thankyou to those generous supporters who have donated memorabilia to the History Group this year. It is always gratefully received and should you wish to make a donation, please contact the Club. As always, we are still looking particularly for early Club membership badges and Annual Reports.

DOUG ALLEN
HISTORY GROUP PRESIDENT

FINANCE REPORT

This has again been a challenging year for everyone from the Board, our employees, our players, coaches and support staff, our members, and our supporters.

The ramifications of COVID-19 have been widespread and at one stage we were not sure whether there would be a football season in 2020 and whether the Club's facilities would be open to members and patrons. I would like to congratulate Ben and his team for their resilience during the year, the coaches and players in all grades for their efforts, the executive team at SANFL for making the season happen and the supporter group for their attendances at both matches and our facilities. In my 2019 report, I noted that we all wanted to see strong and sustainable financial performances but tempered our wishes that we were in a rebuilding phase, were restructuring the operations and it was imperative to establish strong foundations from which to grow. We wanted to reduce debt and operating expenses and are pleased to report that this has been achieved. Covid-19 had a material effect on our expected performance. I reported to Members during the year that prior to the Covid-19 restrictions commencing in late March, the Club was ahead of budget, so the improvement initiatives that commenced in 2019 were clearly working. The Club was also able to take full advantage of the COVID-19 initiatives introduced by both the Federal & State Governments over the course of the year. Our players without exception agreed to play in 2020 without payment but subsequently were able to receive Jobkeeper payments. Our management staff took salary reductions and undertook work outside of their normal scope to help the Club during the uncertainty. As a Club, we should acknowledge the efforts of the SANFL executive who worked tirelessly to ensure we could enjoy a football season. They were and will continue to be a tremendous support for both our Club and the other SANFL Clubs in 2021.

For FY20, I am pleased to report that the combined Clubs will achieve an operating profit circa \$844,000.

This has been achieved by receipt of Jobkeeper reimbursements, the ATO cash boost, grants and distributions. As a result, we have materially improved our balance sheet and reduced debt and operating costs. We repaid the Wolfpack investors in full, repaid several leases, cleared all statutory obligations and are trading with all suppliers on normal trading terms. The Club's only material debt is a \$1M loan owing to the NAB, which is secured over the Milner Road premises. This debt is expected to be progressively repaid from future SANFL land divestment money and earnings from general trading. The result in FY20 was unprecedented and unlikely to be repeated in FY21. It has given the Club a much-needed financial boost. The budget for FY21 is conservative with the aim of preserving cash whilst making some investment into areas where there has not been a material investment in recent years. Whilst our on-field performance has been less than hoped in recent years but from a financial viewpoint, we are looking to maximise better on-field performances with improved revenues in both the bar & bistro areas.

Very special thanks to our sponsors for their continued loyalty, the coterie members for their valuable support, our suppliers and trading partners, our players, coaches and volunteers, our office and bar staff, members, and supporters because we are collectively, the West Adelaide Football Club.

WEST ADELAIDE FOOTBALL CLUB INC.
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 OCTOBER 2020

1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

This financial report is a special purpose financial report prepared in order to satisfy the financial reporting requirements of the Associations Incorporation Act (SA) 1985. The Board has determined that the association is not a reporting entity.

The financial report has been prepared in accordance with the requirements of the Associations Incorporation Act (SA) 1985 and the following Australian Accounting Standards:

AASB 1031	Materiality
AASB 110	Events after the Balance Sheet Date

No other applicable Accounting Standards, Australian Accounting Interpretations or other authoritative pronouncements of the Australian Accounting Standards Board have been applied.

The financial report has been prepared on an accruals basis and is based on historic costs and does not take into account changing money values or, except where specifically stated, current valuations of non-current assets.

The following material accounting policies, which are consistent with the previous period unless otherwise stated, have been adopted in the preparation of this financial report.

Accounting policies

The significant policies which have been adopted in the preparation of this financial report are:

(a) Income Tax

No income tax is payable as the Club is exempt from income tax by virtue of section 50 - 45 of the Income Tax Assessment Act 1997.

(b) Inventories

Inventories are valued at the lower of cost or net realisable value.

(c) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Tax Office. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the balance sheet are shown inclusive of GST.

Cash flows are presented in the cash flow statement on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

(d) Property, Plant & Equipment

Each class of property, plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation and impairment losses.

Plant and equipment are measured on the cost basis.

The carrying amount of plant and equipment is reviewed annually by the Board to ensure it is not in excess of the recoverable amount from those assets. The recoverable amount is assessed on the basis of the expected net cash flows which will be received from the assets' employment and subsequent disposal. The expected net cash flows have not been discounted to present values in determining recoverable amounts.

(e) Depreciation of property, plant and equipment

The depreciable amount of all fixed assets are depreciated on either a straight line or diminishing value basis over the useful lives of the assets to the Club commencing from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation rates used for each class of depreciable asset are:

<u>Class of Fixed Asset</u>	<u>Depreciation Rate</u>
Buildings	2.50%
Plant & Equipment	5% - 33.3%

WEST ADELAIDE FOOTBALL CLUB INC.
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 OCTOBER 2020

(f) Impairment of Assets

At each reporting date, the association reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the income statement.

(g) Employee Entitlements

Provision is made for the Club's liability for annual and long service leave arising from services rendered by employees to balance date.

Contributions are made by the Club to an employee superannuation fund and are charged as expenses when incurred.

(h) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts.

(i) Interest-bearing loans and borrowings

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method. Borrowings are classified as current liabilities unless the Club has an unconditional right to defer settlement of the liability for a least 12 months after the balance sheet date.

(j) Borrowing Costs

Borrowing costs are recognised as an expense when incurred.

(k) Comparatives

Comparative information has been reclassified to be consistent with the current year disclosure of equivalent information.

2 PRIOR PERIOD ACCOUNT REALLOCATION

Upon preparation of the 2020 Financial Accounts, some reallocation of 2019 accounts has occurred to ensure a more accurate representation of the Club's financial performance. These changes had no impact on the Total Comprehensive Income reported in the 2019 financial statements.

5 WESTIES WOLFPACK UNIT TRUST LIABILITY

The West Adelaide Football Club Inc assigned rights of its land and buildings in 2015 to the Westies Wolfpack Unit Trust (WWUT) for an initial period of 10 years, with 3 renewal rights of 5 years each. The ownership of the land and buildings remains with the West Adelaide Football Club, but was still held as security for bank finance to the WWUT.

During the year the West Adelaide Football Club Inc exercised its right to buy back all of the units in WWUT, and extinguished the interest bearing liability to the WWUT. Following acquisition of all units in the WWUT, the WAFC entered into a new loan with NAB to take-over the existing loan entered into with NAB by WWUT (see Note 6).

The amounts payable for the balance of the WWUT units were higher than their face value due to unrecognised capital uplift in the value of those units. There were additional units issued that had not previously been recognised. The unitholders and the WAFC reached a mutual agreement in finalising the full buyback of the units.

6 LOAN - BANK

The National Australia Bank holds a registered mortgage over the land and buildings of the West Adelaide Football Club Inc and a charge over all assets of both West Adelaide Football and Footballers Clubs. The loan is currently classified as a current liability however during the course of 2021, the Club will be negotiating the repayment terms of the NAB loan once the timing of receipts from the SANFL land divestment distributions become clearer.

WEST ADELAIDE FOOTBALLERS CLUB INC.
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 OCTOBER 2020

1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

This financial report is a special purpose financial report prepared in order to satisfy the financial reporting requirements of the Associations Incorporation Act (SA) 1985. The Board has determined that the association is not a reporting entity.

The financial report has been prepared in accordance with the requirements of the Associations Incorporation Act (SA) 1985 and the following Australian Accounting Standards:

AASB 1031	Materiality
AASB 110	Events after the Balance Sheet Date

No other applicable Accounting Standards, Australian Accounting Interpretations or other authoritative pronouncements of the Australian Accounting Standards Board have been applied.

The financial report has been prepared on an accruals basis and is based on historic costs and does not take into account changing money values or, except where specifically stated, current valuations of non-current assets.

The following material accounting policies, which are consistent with the previous period unless otherwise stated, have been adopted in the preparation of this financial report.

Accounting policies

The significant policies which have been adopted in the preparation of this financial report are:

(a) Income Tax

No income tax is payable as the Club is exempt from income tax by virtue of section 50 - 45 of the Income Tax Assessment Act 1997.

(b) Inventories

Inventories are valued at the lower of cost or net realisable value.

(c) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Tax Office. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the balance sheet are shown inclusive of GST.

Cash flows are presented in the cash flow statement on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

(d) Property, Plant & Equipment

Each class of property, plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation and impairment losses.

Plant and equipment are measured on the cost basis.

The carrying amount of plant and equipment is reviewed annually by the Board to ensure it is not in excess of the recoverable amount from those assets. The recoverable amount is assessed on the basis of the expected net cash flows which will be received from the assets' employment and subsequent disposal. The expected net cash flows have not been discounted to present values in determining recoverable amounts.

WEST ADELAIDE FOOTBALLERS CLUB INC.
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 OCTOBER 2020

(e) Depreciation of property, plant and equipment

The depreciable amount of all fixed assets are depreciated on either a straight line or diminishing value basis over the useful lives of the assets to the Club commencing from the time the asset is held ready for use.

Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation rates used for each class of depreciable asset are:

<u>Class of Fixed Asset</u>	<u>Depreciation Rate</u>
Buildings	2.50%
Plant & Equipment	5% - 33.3%

(f) Impairment of Assets

At each reporting date, the association reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the income statement.

(g) Employee Entitlements

Provision is made for the Club's liability for annual and long service leave arising from services rendered by employees to balance date.

Contributions are made by the Club to an employee superannuation fund and are charged as expenses when incurred.

(h) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts.

(i) Interest-bearing loans and borrowings

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method. Borrowings are classified as current liabilities unless the Club has an unconditional right to defer settlement of the liability for a least 12 months after the balance sheet date.

(j) Borrowing Costs

Borrowing costs are recognised as an expense when incurred.

(k) Comparatives

Comparative information has been reclassified to be consistent with the current year disclosure of equivalent information.
