1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

This financial report is a special purpose financial report prepared in order to satisfy the financial reporting requirements of the Associations Incorporation Act (SA) 1985. The Board has determined that the association is not a reporting entity.

The financial report has been prepared in accordance with the requirements of the Associations Incorporation Act (SA) 1985 and the following Australian Accounting Standards:

AASB 101: Presentation of Financial Statements

AASB 108: Accounting Policies, Changes Accounting Estimates and Errors

AASB 110: Events after the Balance Sheet Date

AASB 1054: Australian Additional Disclosures

No other applicable Accounting Standards, Australian Accounting Interpretations or other authoritative pronouncements of the Australian Accounting Standards Board have been applied.

The financial report has been prepared on an accruals basis and is based on historic costs and does not take into account changing money values or, except where specifically stated, current valuations of non-current assets.

The following material accounting policies, which are consistent with the previous period unless otherwise stated, have been adopted in the preparation of this financial report.

Accounting policies

The significant policies which have been adopted in the preparation of this financial report are:

(a) Income Tax

No income tax is payable as the Club is exempt from income tax by virtue of section 50 - 45 of the Income Tax Assessment Act 1997.

(b) Inventories

Inventories are valued at the lower of cost or net realisable value.

(c) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Tax Office. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the balance sheet are shown inclusive of GST.

Cash flows are presented in the cash flow statement on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

(d) Property, Plant & Equipment

Each class of property, plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation and impairment losses.

Plant and equipment are measured on the cost basis.

The carrying amount of plant and equipment is reviewed annually by the Board to ensure it is not in excess of the recoverable amount from those assets. The recoverable amount is assessed on the basis of the expected net cash flows which will be received from the assets' employment and subsequent disposal. The expected net cash flows have not been discounted to present values in determining recoverable amounts.

(e) Depreciation of property, plant and equipment

The depreciable amount of all fixed assets are depreciated on either a straight line or diminishing value basis over the useful lives of the assets to the Club commencing from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation rates used for each class of depreciable asset are:

Class of Fixed Asset Buildings Plant & Equipment <u>Depreciation Rate</u> 2.50% 5% - 33.3%

(f) Impairment of Assets

At each reporting date, the association reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the income statement.

(g) Employee Entitlements

Provision is made for the Club's liability for annual and long service leave arising from services rendered by employees to balance date.

Long Service leave is recognosed after 6 years of employment has been undertaken.

Contributions are made by the Club to an employee superannuation fund and are charged as expenses when incurred.

(h) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts.

(i) Interest-bearing loans and borrowings

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method. Borrowings are classified as current liabilities unless the Club has an unconditional right to defer settlement of the liability for a least 12 months after the balance sheet date.

(j) Borrowing Costs

Borrowing costs are recognised as an expense when incurred.

(k) Comparatives

Comparative information has been reclassified to be consistent with the current year disclosure of equivalent information.

Imposed restrictions on trading due to social distancing, mask wearing and alike will continue to have an impact on all aspects of existing operations.
