- Board Member Avoca Hotel – R.S.L. owned.
- 27 years Chairman – Liquor Industry Children's Charity Golf Day.

Why I nominate for GFC Board Position:

- To continue to work with a Board that has passion, commitment, and unity to make GFC the best Club on and off the field in the SANFL.
- To build respect of GFC by delivering positive results for the community our Corporate Sponsors and Business Partners.
- To develop the Glenelg Oval Precinct into a major Sporting Stadium in the future.
- To celebrate the Club's history and share that with the Community to build a stronger, larger Membership base.
- To develop Women's Football and involvement in the Clubs future success.

Look forward to serving the Membership for another 2 years.

GRINHAM, Noel:

I seek your support to serve as a Board Member at GFC. I've had a lifelong passion for sport and believe it's a solid foundation for a healthy, successful life. I have:

- Played football and basketball
- Coached at Glenelg's Church and Forestville Basketball Clubs
- Umpired for SA Basketball Association
- Coached football at Immanuel, St Leonard's Primary School and Sacred Heart College
- I was fitness coach for juniors at Plympton Park Football Club and an assistant coach for development squads at GFC

My family are regulars at the Bay Bistro, it's our local. As a Safety Manager in construction, I ensured Legislation was adhered to, wrote policies and procedures, conducted audits and trained employees. I feel confident I could contribute to future developments at GFC. I'm well connected in the community, and I'll offer a new perspective and devote myself to GFC.

My passions for GFC's future are:

- Youth Development - to build a passion for GFC for young men and women, multicultural and First Nations people by supporting squads and coaches
- Family Club - a truly member focused club for all, uniting members, players and coaches
- Success - shape our next golden era on and off the field

My approach will be inclusive, respectful and collaborative, I'll serve with passion, integrity and pride.

Yours always in Black and Gold - Go The Bays

McCABE, Angela:

In my recently resigned role as General Manager of Flinders Private Hospital (ACHA), I provided strategic leadership, maintained a robust operational governance framework, developed an annual budget, service improvement through business development, customer and stakeholder experience.

ACHA is a 'not for profit' organisation of 3 hospitals, with a management agreement in place with Healthscope (a 'for profit' entity). My role included working closely with SA Health in the provision of services provided for public patients. As General Manager, I reported to both the ACHA and Healthscope Boards.

Over the past 15 years, I have progressed my career through management and leadership. I remain AHPRA accredited as a Registered Nurse and have a genuine desire to support the Community with a passion for sport at all levels. The benefits of both physical and mental health to those that participate as players, or watch Football are significant.

In each of my executive roles I have been the Leadership Chairperson for various committees. I have well developed skills in Human Resources, Work, Health and Safety, Legal governance and Property Leasing /Asset Management.

I believe I possess the skills and aptitude to participate as a Glenelg Football Club Board member. I am a confident communicator, with strong negotiation skills, influencing others positively.

In May 2022, I completed the **Australian Institute of Company Director's** course and look forward to contributing to the Glenelg Football Club Board utilising my skills and knowledge.
